// OVERVIEW

FULL MAINTENANCE

TECHNICAL AVAILABILITY & SERVICE FROM ONE SOURCE

We offer full maintenance as part of a joint venture with Green Wind Operations. With its 24/7 greenwind control centre, Green Wind guarantees the monitoring of your wind turbines at the highest level. We provide on-site services. In this way, we can guarantee together that the areas of operational management and service are coordinated optimally. As a result, the availability of your wind farm will increase.

In addition, you receive documentation from a single source.

As the operator of a wind farm, you are on the safe side with a full maintenance contract. All services required for plant operation are included in the contract concept. Choose your suitable service from our three full maintenance packages Standard (S), Basic (B) and Plus (P):

S	B	P	
X	X	X	// Maintenance half-year and annual maintenance according to manufacturer specifications incl. documentation
X	X	X	// Consumable Material greases, oils, lubricants, filters
X	X	X	// Second Level Support 24/7 monitoring incl. fault diagnosis and elimination in case of malfunction
X	X	X	// Trouble Shooting on-site-team (8:00 to 19:00 o'clock), if the error cannot be corrected by remote maintenance
X	X	X	// Spare Parts Stocking storage of spare parts for standard maintenance
X	X	X	// Additional Maintenance regular inspection of rotor blade incl. light protection measurement, regular inspection of tower and machine, gear endoscopy and PSA package inspection
X	X		// Main Components Gearbox and Gear Rod Replacement in the event of wear or machine breakage
X	X		// Availability guaranteed technical availability
X	X		// Additional Maintenance Maintenance of the transformer station Gear oil change depending on condition or necessity
	X		// Main Component Rotor Blade repair or overhaul in the event of normal wear
	X		// Main Component Tower tower repair (except optical defects)

WHY CHOOSE WP GROUP?

We work independently and across manufacturers. Our focus is on the customer, not the manufacturer. As pragmatists with long on- and off-shore experience, we work transparently on flexible and cost-effective solutions.

And we can do more: whether logistics, technical or safety-related tests – we are active in many areas and have experience!
